FRAMEWORKS
Spring | Spring Boot

DATABASE
MySQL | Oracle

VERSION CONTROL & WEB AUTOMATION
GIT | SVN | Selenium | WinSCP | Putty

TOOLS AND IDE
Eclipse | NetBeans | Tortoise SVN | SourceTree

ORM FRAMEWORK
Hibernate

ORGANIZATIONAL EXPERIENCE

1. CVS RXCONNECT

- Currently working (since Dec 2017) in the project **CVS RxConnect** as a Java Developer. Helped the client to generate more revenue, cut cost and stay updated with the current standards by delivering complex components like Intake Engine, RVO, 90 Day Program, Script Standards.
- CVS is a retail pharmacy in the USA. CVS pharmacies use the application **RxConnect** to dispense medication to the customers. Using **RxConnect Application** we are improving the accuracy and efficiency of work from taking a prescription to dispensing the drug to the customer and also, we are automating the work. **RxConnect Application** is a java-based application.

MY RESPONSIBILITIES:

- Always been a part of the most complex components in every release I was put in.
- Trained to handle component deliveries where zero-defect delivery is must in production and the defects should be minimum in the development phase.
- Fixed production defects in strict time constraints. Also, played a crucial part in the architectural upgrade of the project where the existing release-based delivery model was changed into a more robust microservices approach to make it easily deployable in production by delivering Intake Engine project.

LANGUAGES - Java, PL/SQL Developer
FRAMEWORK - Spring Boot, RxConnect Framework
DATABASE - Oracle

SERVER – Oracle Weblogic 12c
TOOLS - Eclipse, PL/SQL Developer, STS, Putty, WinSCP

ACHIEVEMENTS

1. Got **Star of the Month Award** in June 2020.
2. Got **Beyond Excellence Award** in April 2020 for managing the most complex project.
3. Got **Star of the Quarter Award** in the 2nd Quarter of 2019.
4. Got **LIREL** Award in TCS ILP.
5. Awarded with **Best Innovation Project** in TCS ILP.
6. Appreciated by College for making Quiz Portal.
7. Got **362 rank** in TCS Codevita V Round 1.
8. Participated in Smart India Hackathon 2017.

OTHER PROJECTS (Academic/Internship)

1. Book Next Hand (Internship | Metacube Software Pvt. Ltd., Jaipur)

Book Next Hand is a system which is developed to help users to give and borrow books on rent.

Tech Stack: CakePHP, JavaScript, HTML & CSS, SQLDB
